April 15<sup>th</sup> 2019

Dear Freeholders, Council Members and Mayors of Sussex County,

You are cordially invited to join us for an informational meeting sponsored by the group PAID.

**DATE: Thursday, May 16<sup>th</sup>, 2019**

TIME: 7pm - 9 pm

LOCATION: Mountain Creek Lodge, Appalachian Hotel  
Barrett Farm Room  
200 Route 94  
Vernon, New Jersey 07462

We have received many inquiries regarding how the PAID organization works, how we have been successful in our mission and how this model can be utilized in other communities.

In response to this, we are personally inviting the Mayors and Town Council members from all of the towns in Sussex County to join us for an information sharing session. Additionally this meeting is open to any and all concerned Sussex County residents.

At this meeting, there will be presentations illustrating how citizens and government have successfully worked together to stop the illegal dumping of solid waste, soils and recyclables in Vernon. We would also like to begin a dialogue with other towns in how we can support bill S1683/A4267.

Guest speakers will include Sussex County Freeholders and government officials from Vernon Township to share their informational resources and expertise for you to use as tools to battle illegal solid waste, soil and construction debris in your community.

Sussex County is the last frontier in New Jersey. We need to lead the fight against illegal dumping of soil and solid waste. Together we can successfully spearhead local, county and state officials, to working towards passing the State bill S1683/A4267. Until this bill is passed, which could take up to a year; we believe you will see an escalation of dumping activity in many areas across the county.

This action is vital to the well being and health of our citizens of Sussex County.

We look forward to you attending this meeting. Please RSVP with how many people will attend to [board@endvernondumping.org](mailto:board@endvernondumping.org) by May 10<sup>th</sup>, 2019 so we can secure a seat for you and your government team members.

Sincerely,

Martin O'Donnell
